### **MONEY BALL - \$25 per Foursome**

Each foursome has a ball that is marked with the hole they start on. That ball rotates among players. For example, Player A uses it on the first hole, B on the second, C on the third, D on the fourth, then back to A on the fifth and so on.

At the end of the round, each group who still has their "money ball" will place it in the raffle barrel. During the evening raffle, one ball will be drawn and the foursome will win a cash prize of \$800.
